### **Labour Council Affiliation Dues**

CEIU decided to advocate Labour Council affiliations to get Locals more involved in their communities. CEIU decided to pay one-half of the affiliation dues with receipts to defray the costs of joining, therefore removing one of the obstacles identified by many Locals for not affiliating.

Should the Local stop its affiliation, it will be liable for the monies already paid for the period of non-affiliation. This will be deducted from the Local dues until the amount is repaid.
